Opinion

We have audited the accompanying financial statements of Kosovo Association of Information and Communication Technology ("Association" or "STIKK"), which comprise the Statement of financial position as of 31 December 2021, and the Statement of profit and loss and Statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of Kosovo Association of Information and Communication Technology ("STIKK") as of 31 December 2021, and its financial performance and its cash flows for the year then ended, in accordance with the accounting policies disclosed in Note 3 to the accompanying financial statements.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of STIKK in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) together with the ethical requirements that are relevant to our audit of the financial statements of STIKK in the Republic of Kosovo, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the basis of accounting as described in Note 3 to the financial statements and for such internal control as management determines is necessary to enable the preparation of financial statements that is free of material misstatement, whether due to fraud or error. In preparing the financial statements, management is responsible for assessing STIKK's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate STIKK or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing STIKK's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the STIKK's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of the management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the STIKK's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause STIKK to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Grant Thornton LLC

9	Astrit Desku	Komtel	Member
10	Arber Bakija	BBros	Member

Kosovo Association of Information and Communication Technology ("STIKK")

Notes to the Financial Statements (continued)

For the year ended December 31, 2021

STIKK is founded to:

- promote the joint and convergent Interests of the businesses of Information and communication technologies in Kosovo, and the professional individuals.
- help in long growth of the businesses of Information and communication technologies in Kosovo.
- upgrade the environment of the businesses of Information and communication technologies in Kosovo.
- promote the contribution of the Information and communication technologies in economic progress and growth in Kosovo.
- intends to be part of the development and Implementation of the policies In Kosovo by helping the Government and Kosovo Institutions in understanding the trend of actual and future technologies and to see how the technologies can contribute to the economic growth of Kosovo.

The governing bodies of the NGO are: Assembly of Members, Board of Directors and Executive Director.

The Assembly of Members is the highest decision-making body of the NGO that is gathered once per year. The Board has regular meetings every three months. The Board monitors the activities of STIKK and proposes the work-plan to the Assembly.

Assets, revenues and the profit of the organization will be used to support the organizations non-profitable targets and activities, no asset, revenue or profit will be used to create special Individual benefits.

STIKK main objectives during year 2021

During 2021, STIKK had three main objectives which are in accordance with its mission:

Objective 1:

Creating a favorable legislative environment and increasing impact on the community (factoring).

Objective 2:

Strengthen networking and increase membership - improve services for members.

Objective 3:

Creating conditions for sustainable activities of STIKK.

2. MAJOR PROJECTS IMPLEMENTED DURING THE PERIOD OF THIS FINANCIAL STATEMENTS

In 2021, STIKK has accepted funds for projects from donors, as further explaining in this table:

Donor	Implementation Period	Amount
Project: "No. FAA-2021-003-I-MA" USAID	19.10.2021 – 19.09.2022	99,811 €
Project: "She STORE" Agjensioni per Barazi Gjimore ABGJ	15.05.2021-15.11.2021	50,000 €
Project: "KosICT 2021" ITP-GIZ	01.10.2021-30.11.2021	30,000 €

3. BASIS OF PREPARATION AND ACCOUNTING POLICIES

The principal accounting policies adopted in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

3.1 Basis of preparation

The financial statements are prepared in accordance with the concept of historical cost convention. Measurement basis of each type of asset, liability, revenue and expense are described in details within this Note.

The preparation of these financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reported period. These estimates are based on the information available as at the date of the financial statements and actual results could differ from those estimates.

These financial statements are prepared as at and for the years ended 31 December 2021 and 2020. Current and comparative data stated in these financial statements are expressed in Euros, which is STIKK's functional and reporting currency, unless otherwise stated.

3.2 Fixed assets

Fixed assets, consisting mainly of computers, office furniture and equipment, are carried at cost, or fair value for purchased or donated assets, less accumulated depreciation and provision for impairment where required. Where the carrying amount of an asset is greater than its estimated recoverable amount, it is written down to its recoverable amount and the difference is charged to the statement of profit and loss. The estimated recoverable amount is the higher of an assets' net selling price and its value-in-use.

The cost or fair value of purchased or donated property and equipment is the value of the consideration given to acquire the assets and the value of other directly attributable costs which have been incurred in bringing the assets to their present location and condition necessary for their intended use.

Depreciation is charged on a straight – line basis calculated to write off the recorded cost or fair value of property and equipment over their 5-year estimated useful lives. Leasehold improvements are depreciated with shorter period from the rent period and estimated useful life of the assets, unless it is probable that ownership rights will be transferred to STIKK at the end of the rent period.

Kosovo Association of Information and Communication Technology ("STIKK")

Notes to the Financial Statements (continued)

For the year ended December 31, 2021

3.3 Customers' and other receivable

Customers' and other receivable are recognized initially at fair value and subsequently measured at amortized cost using the effective interest method, less provision for impairment. A provision for impairment of trade receivables is recognized when there is objective evidence that the STIKK will not be able to collect all amounts due according to the original terms of the receivables.

Significant financial difficulties of the debtor, probability that the debtor will enter bankruptcy or financial reorganisation, and default or delinquency in payments are considered indicators that the trade receivable is impaired. Debtors are tested for impairment on an individual basis.

The amount of the provision is the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the original effective interest rate. Assets with a short maturity are not discounted. The carrying amount of the asset is reduced through the use of an allowance account, and the amount of the loss is recognized in the statement of profit and loss. When a trade receivable is uncollectible, it is written off against the allowance account for trade receivables. Subsequent recoveries of amounts previously written off are recognized as current income in the statement of profit and loss.

3.4 Cash and cash equivalents

For the purpose of the statement of cash flows, cash and cash equivalents are considered to be cash on hand and at bank and in operating accounts at bank with an original maturity of three months or less.

3.5 Revenue and expense recognition

Revenue is measured at the fair value of the consideration received or receivable and represents amount receivable for services provided in the normal course of business, net of discounts and sales related taxes.

Revenue is recognized as follows:

Rendering of services

Income from rendering of services is recognised in the period in which services are rendered, by reference to the stage of completion when can be measured reliably. The stage of completion is determined based on surveys of work performed.

Membership fees

These are recognized in the period in which they are received.

Financial income is recognized on a time proportion basis that reflects the effective yield on the assets.

Financial expense comprises of interest expense on borrowings and default interest expense on late payments. Borrowing costs are recognized in profit or loss using the effective interest method.

Operating expenses are recognized in the income statement upon utilization of the service.

3.6 Grant income

A grant is recognized in the statement of financial position initially as deferred income when there is reasonable assurance that it will be received and that STIKK will comply with the conditions attached thereto.

Grants that compensate STIKK for expenses incurred are recognized as revenue in the profit and loss on a systematic basis in the same periods in which the expenses are incurred.

Grants that compensate STIKK for the cost of an asset are recognized in the profit and loss as revenue on a systematic basis over the useful life of the asset.

3.7 Funds

Funds are initially created by founders' contributions made in monetary and/or in kind assets carried at their fair values. Subsequently, funds are increased/decreased through additional founders' contributions, depreciation charged for the period and results (surplus/deficit) from operations during the periods.

3.8 Suppliers' and other payables

Suppliers' and other payables are recognized initially at their fair value and subsequently measured at their amortized cost by applying the effective interest rate method.

Kosovo Association of Information and Communication Technology ("STIKK")

Notes to the Financial Statements (continued)

For the year ended December 31, 2021

3.9 Current and deferred income tax

Taxation has been provided for in the financial statements in accordance with Kosovo tax regulations currently in force, Law No. 05/L-29 "On Corporate Income Tax".

The income tax charge in the statement of profit and loss for the year comprises current tax and changes in deferred tax. Current tax is calculated on the basis of the expected taxable profit for the year using the tax rates in force at the date of the statement of financial position. Taxable profit differs from profit as reported in the statement of profit and loss because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. Taxes other than income taxes are recorded within operating expenses.

3.10 Employee benefits

STIKK makes contributions for the benefit of employees to the Kosovo Pension Saving Trust (KPST). The contributions are expensed as incurred.

3.11 Transactions with related parties

Related parties consist of founders and directors of STIKK, together with entities which they control, who can exert significant influence over the operations and management of the Organization. In considering each possible related party relationship, attention is directed to the substance of the relationship, and not merely the legal form.

3.12 Events after reporting date

Post-year-end events that provide additional information about STIKK's position at the statement of financial position (adjusting events) are reflected in the financial statements. Post-year-end events that are not adjusting events are disclosed in the notes when material.

Total Funds	(55,274)	23,662	(31,612)	(8,686)		(40,298)

12. FINANCIAL RISK MANAGEMENT

STIKK's activities can be exposed to a variety of financial risks, including credit risk and risks associated with the effects of changes in foreign currency exchange rates and interest rates. The STIKK's risk management focuses on minimizing the potential adverse effects of risks over its business performance.

Risk management is carried out by the STIKK's Management based on certain pre – approved written policies and procedures that cover overall risk management, as well as specific areas.

12.1 Credit risk

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss. STIKK is exposed to credit risk from its customers where it provides trainings as well as from its candidates to whom it provides support.

12.2 Market risk

Market risk is the risk that changes in market prices, such as foreign exchange rates and interest rates will affect STIKK's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposure within acceptable parameters, while optimizing the return.

Foreign exchange risk

STIKK is not exposed to foreign exchange risk as transactions are undertaken in local currency. The STIKK does not speculate in or engage in the trading with derivative instruments.

12.3 Interest rate risk

The STIKK currently is not exposed to interest rate risk.

12.4 Liquidity risk

Liquidity risk is defined as the risk when the maturity of assets and liabilities does not match. STIKK regularly monitors its liquidity in order to settle its obligations when they become due.

12.5 Fair value of financial instruments

Fair value represents the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The carrying value of all financial assets and liabilities reflected in the financial statements approximate their fair values.

**Kosovo Association of Information and Communication Technology
("STIKK")**

Notes to the Financial Statements (continued)

For the year ended December 31, 2021

13. RELATED PARTIES

For the purposes of these financial statements, parties are considered to be related if one party has the ability to control the other party or exercise significant influence over the other party in making financial or operational decisions as defined by IAS 24 "Related Party Disclosures". In considering each possible related party relationship, attention is directed to the substance of the relationship, not merely the legal form. Below are transactions with related parties as of and for the year ended 31 December 2021 and 2020:

31 December 2021	Receivables	Liabilities	Revenues	Costs
ICK	-	2,350	-	6,850
Key management short term benefits	-	-	-	16,584
	-	2,350	-	23,434

31 December 2020	Receivables	Liabilities	Revenues	Costs
ICK	-	-	19,000	6,855
Key management short term benefits	-	-	-	22,587
